

Masters Certificate in Project Management

Offered through Watermark Learning and Auburn University

Become a high performing Project Manager with the Masters Certificate in Project Management from Watermark Learning. Close the gap between 'learning' and 'doing' with our engaging classes of 16 or fewer students taught by certified practitioners who are also experienced facilitators. Skills learned and practiced in class reflect PMI® industry best practices and are immediately applicable to your real-world project work. Our training program applies a practical, hands-on approach to project management with an emphasis on the "what", "why," and "how" of the discipline.

About Watermark Learning

Watermark Learning helps improve project success with expert project management, business analysis, and business process management training and certification preparation. Since 1992, our approach has combined industry best practices, practical orientation, and engaging delivery. We convey retainable real-world skills, and motivated and productive staff, adding up to enduring results.

Our instructors are authorities in their respective fields, published authors, and distinguished public speakers. We are an IIBA Charter Endorsed Education Provider and PMI Registered Education Provider, which assures you the most insightful and highest quality training available. Our instructors have also contributed to the BA and PM Bodies of Knowledge.
