(from Auburn University)

NOTE: Pricing may be adjusted based on available dollars.

Become a high performing Business Analyst with the Masters Certificate in Business Analysis from Watermark Learning in conjunction with Auburn University. Close the gap between 'learning' and 'doing' with our engaging classes of 16 or fewer students taught by certified practitioners who are also experienced facilitators. Skills learned and practiced in class reflect IIBA® industry best practices and are immediately applicable to your real-world business analysis work. Our training program applies a practical, hands-on approach to business analysis with an emphasis on the "what," "why," and "how" of the discipline.

ABOUT WATERMARK LEARNING

Watermark Learning helps improve project success with expert project management, business analysis, and business process management training and certification preparation. Since 1992, our approach has combined industry best practices, practical orientation, and engaging delivery. We convey retainable real-world skills, and motivated and productive staff, adding up to enduring results.

Our instructors are authorities in their respective fields, published authors, and distinguished public speakers. We are an IIBA® Charter Endorsed Education Provider and PMI® Registered Education Provider, which assures you the most insightful and highest quality training available. Our instructors are also lead authors for both the BA and PM Bodies of knowledge, which makes Watermark Learning unique in the industry.

"I wanted to let you know I accepted a job yesterday working as a Business Change Analyst. The classes at Watermark definitely helped during the interview and all the workbooks will be brought in to my cube as reference material. Thanks for all your help and encouragement!"

Watermark Learning student,
Laura F.

This program goes beyond supplementing on-the-job training—it will help me to stand out above my peers. I understand the business analysis process better than before attending classes. I have already demonstrated higher productivity at work. I am also better prepared for the CBAP test."

Watermark Learning student,
Richard
