

Takeout or Dine-In “Menu”

Tapas are appetizers or snacks that can be eaten individually or combined to form a unique meal. These short skill “morsels” are half-day or shorter segments, laser-focused on key topics to fit your schedule appetite and save you time.

Available as open-enrollment public sessions or as private offerings, either on-site or virtually. Take one or more classes in a series or all of them to complete a mini program. Tapas fit easily into your schedule and with our AnyTime Learning, give you “just in time” training.

“Enjoyable presenter, helpful exercises, good class involvement...I’m signed up for three additional Tapas classes.” —Cost Benefit Analysis Quick Start participant
